

# ANDREI BADEA Software Engineer

 Bucharest, Romania     +40752185337     badeaandrei.com/     baditaandrei20@gmail.com

## PROFILE SUMMARY

**Blockchain & Full-Stack Software Engineer** with 3+ years of experience building scalable **Web3 and Web2 products**. Passionate about leveraging **Blockchain, AI and finance** to develop innovative, real-world solutions.

## PROFESSIONAL EXPERIENCE

**Full Stack Blockchain Developer** 04/2024 – Present  
*Buidler Labs*

- **Built and scaled MemeJob**, Hedera’s leading **AI x DeFi memecoin launchpad**, driving **850K+ on-chain transactions**, **515K+ swaps**, and generating **\$250K+ in protocol revenue**.
- **Developed an AI Agents Launchpad**, integrating on-chain and off-chain workflows for intelligent automation.
- **Contributed to HeadStarter**, a leading launchpad on Hedera (**30 funded projects, 39.7M+ HBAR raised, 2.8K+ participants**).
- **Represented Buidler Labs** at **How to Web (Bucharest)** and **ETH Denver**, engaging with partners, investors, and potential clients.

**Blockchain Software Engineer** 02/2022 – 04/2024  
*Softbinator Technologies*

**Joined after completing a 2-month Blockchain Bootcamp**, transitioning into a full-time role.

- **Built and scaled a multichain game** with 800+ active users.
- **Delivered multiple on-chain projects**, including a bridge system, cross-chain migrations, decentralized governance (The Graph & Snapshot), NFT lending protocol and auction dApps across EVM-compatible networks.
- **Mentored 12 students** as part of the company's training labs.

## EDUCATION

**University Politehnica of Bucharest** 2019 – 2023  
*Bachelor's Degree in Computer Science*  
GPA: 9.12

**"Dimitrie Cantemir" National College** 2015 – 2019  
*High School Diploma*  
GPA: 10

## CERTIFICATIONS

- Meta Front-End Developer Specialization 
- Cyfrin Updraft Courses
- Python Professional - Telecom Academy 
- Python Fundamentals Associate - Telecom Academy 

## LANGUAGES

**ENGLISH**  
Fluent

**ROMANIAN**  
Native

## SKILLS

**Blockchain** (Foundry | Hardhat | The Graph | Wagmi | Viem | Ethers)

**Development** (React | Next.js | Node.js)

**Programming Languages** ( Solidity | Javascript | Typescript | Python)

**Database** (SQL | Supabase | PostgreSQL | Prisma | Redis)

**DevOps & Tools** (Git | Jira | Docker | AWS)

**Soft Skills** (Communication | Problem-Solving | Adaptability)
